Arts Commission Announces \$4,188,945 in Statewide Grant Awards for Fiscal Year 2008-2009

(Phoenix, Ariz.) – On June 19, 2008, the Governor-appointed members of the Arizona Commission on the Arts approved \$4,188,945 in matching grants to arts and community organizations and schools for the 2008–2009 fiscal year. These grants are funded by the Commission’s state appropriation, the Arizona Arts Trust Fund, the Arizona ArtShare Endowment, and the National Endowment for the Arts.

The Commission’s grant program is administered by a staff that travels the state to encourage communities to develop arts programs that serve the needs of their citizens. Staff provides expertise to help individuals, established and developing arts organizations, and schools to develop programs that broaden, deepen, and diversify cultural opportunities and strengthen local communities. In this way, the Arizona Commission on the Arts seeks to build a better Arizona through the arts.

The Commission is pleased to recognize 176 arts organizations with general operating support grants for providing ongoing public programming; these organizations are expanding audiences, improving artistic product and management capacity, and increasing the ethnic diversity of their programs and boards. Through grant funding and technical assistance, the Commission will also be a partner in 306 arts and arts education projects, serving every county of the state this fiscal year.
